*Costs associated with each subject are based on expenses related to the practical and consumable nature of that subject.*

*\*Courses that have student designed projects may have additional expenses related to the major project that each student plans and designs for themselves.*

**NOTE 1: VOLUNTARY CONTRIBUTIONS** - All schools can request contributions to enhance their educational and sporting programs. School contributions are voluntary and payment is a matter for decision by parents.

**NOTE 2:** If students elect to study Design and Technology, Food Technology, Textiles, Industrial Technology: Timber and Furnishing, Hospitality, Metals and Engineering or Construction, it is mandatory that they wear leather shoes during practical lessons. If students are unable to provide their own leather shoes, they can borrow leather shoes from the school for the duration of the lesson
