NOTE: TECHNOLOGY (Mandatory)

Students must develop a minimum of four design projects by the end of Stage 4. Design projects involve the design, production and evaluation of quality solutions to meet identified needs or opportunities. Projects will be incorporated into the following areas:

- Agriculture and Food Technologies
- Engineered Systems
- Digital Technologies
- Material Technologies

**Courses that have student designed projects may have additional expenses related to the major project that each student plans and designs for themselves.*

+ Students are required to purchase a safety kit for welding. Kits start from \$55.00, details given to students in the first week of class.

NOTE: VISUAL ARTS - Students at Corowa High School study Visual Arts for six periods a fortnight throughout Year 8. They study a variety of artistic techniques including a term of ceramics.
