

CELEBRATING STUDENT ACHIEVEMENT

On the last Wednesday of Term 2 we recognised the outstanding efforts of students in Semester 1 at our Achievement Assembly. Students were recognised for outstanding effort and achievement, sporting success, perfect attendance and school service awards. Congratulations to everyone who received an award!

What's Coming Up?

5 Aug	P&C meeting 6.30pm
5 Aug	Parent-teacher interviews 5-7.30pm
21-22 Aug	Variety Night
5-10 Sept	Trial HSC examinations
16-18 Sept	Year 8-9 camp

Principal's Report

with Mr Phillip Le Lievre

Subject Selection Evening

It was great to see so many students and parents at our annual Subject Selection Evening on Monday night. Subject Selection Evenings are an important event on our annual calendar and allow students and their parents to seek feedback from staff and tertiary education providers before making their subject choices. The selection process for students concluded this morning and our staff will commence the planning of our 2020 timetable from next week.

I would particularly like to acknowledge the Senior Hospitality class that catered on the evening and provided guests and staff with hot food and drinks.

Parent-Teacher Interviews

Parent and Teacher night in on Monday 5th August in our school hall. With reports issued last term and Senior students receiving their progress reports last week, this is an opportunity for parents to seek additional information on how their children are progressing as

well as ways they may be able to support their child's learning at home.

Please ensure that you have booked your Parent-Teacher night interviews via the Parent Portal by 12pm on Monday 5 August. If you require an assistance with this process, please call the front office on (02) 6033 1889.

School upgrades

Our school has continued to be part of a number of ongoing upgrades in recent weeks. New outdoor furniture has been installed over the school holidays, our entire site has had Internet and Wi-Fi upgrades completed, and we are working towards the implementation of our school oval upgrade and new heating and cooling installations across all classrooms.

Please join us at our next P&C meeting

Finally, our P&C will meet on Monday 5 August at 6.30pm in the front office. Please come and join us if you are available.

Shooting report

On 19-20 June, Corowa High School competed in an inter-school shooting competition at the Wodonga Shooting Range. The two day competition, which comprised of shot gun and rifle shooting, attracted 75 students from seven schools.

Congratulations to Rebecca Carroll, who finished second in the A Grade girl's competition.

Congratulations also to Hannah Wojtowycz on finishing

second in the B Grade girl's competition. Hannah also captained a team of Year 7 boys, who finished third in the B Grade boys completion. The team, which was comprised of Josh Bruce, Cooper Connell, Tom Forrest and Joshua Williams, only began shooting in Term 2 and this was their first competition! What a fantastic effort!

Congratulations to all students who participated in the competition.

Geographers re-vegetate

In the spirit of National Tree Day, our Year 7 and 9 Geography students worked together with Corowa District Landcare to re-vegetate the wetlands area on the corner of River Street and Federation Avenue in Corowa last term. This re-vegetation effort aims to preserve the limited habitat of Sloan's froglet.

New calves mooove to CHS

Agriculture classes recently welcomed two male calves to Corowa High School. These temporary editions to the CHS family have come to us as part of the Cows Create Careers program to enrich our agriculture classes. Students will spend the next few weeks learning how to raise and care for calves, including feeding and tracking weight gains.

Au revoir, Benoit!

Last term, we wished au revoir et bon voyage to our French exchange student, Benoit Turmeau! It has been an absolute pleasure to have you at Corowa High School and we hope to see you again one day.

Kidney Dissection

Year 8 Science students dissected kidneys in class on Tuesday!

Seniors study spectroscopy

Senior students were learning about light and spectroscopy this week. They used spectroscopes to view the emission spectrum of various chemical elements to understand how to identify elements and information about stars in the universe.

Seniors cater for staff

Senior Hospitality students catered a special lunch for select staff members at the end of Term 2.

In order to improve their skills and prove their competencies, Senior Hospitality students must provide catering in a number of different situations - something our staff certainly enjoy!

Year 8 Technology Timber

Year 8 Technology Timber students completed work on their carry-alls at the end of last term!

Biology students study DNA

Senior Biology students have become the first to utilise our brand new gel electrophoresis kits. Students used these kits to separate DNA fragments to determine different sizes and to extend their knowledge and experience in laboratory techniques.

Many schools must visit university laboratories to access gel electrophoresis kits, but our students are lucky enough to have them on site!

A delicious challenge in STEM

Year 8 STEM students were challenged to construct towers in class this week using raw spaghetti and marshmallows! The aim of this delicious challenge was to learn about design principles, construction and working with limited resources.

Term 3 Canteen Roster

Canteen Phone: 02 6033 1167

Commence 10.30 each day

	Monday	Tuesday	Wednesday	Thursday	Friday

Director's Acquisitive Art Prize Exhibition

Congratulations to Julia Delaney, Valerio Jansezian and Montana Hargreaves on having their artworks selected to be displayed in the Director's Acquisitive Art Prize Exhibition!

NSW Youth Summit on Living With Drought

Are you a young person (14-24 years) impacted by the NSW drought? UNICEF Australia invites you to apply for the first NSW Youth Summit on Living with Drought!

UNICEF Australia, with support from the NSW Government, is hosting the first Youth Summit for young people living with drought in NSW. The Summit will be a forum for meaningful, action-oriented discussion between young people, policy-makers and service providers about how to more effectively support young people and children experiencing drought. It is also a chance to have a break from the land, build new connections with others going through similar struggles, and to connect, engage and reflect, surrounded by beautiful Lake Macquarie.

If you're aged 14-24 years and are impacted by drought, participating in the NSW Youth Drought Summit is a unique and exciting opportunity to speak up for drought-affected children and young people.

Applications close on Friday, 30 August at 11:59pm AEST.

For more info: www.unicef.org.au/droughtsummit

Did you know that you can pay for school costs online?

It is called a Parent Online Payment (POP) and it's easy!

Go to www.corowahighschool.com.au and click on the 'MAKE A PAYMENT' button on the utility bar at the very top of the page. From there, a Westpac QuickWeb payment page will open. Simply fill out the required information and have your credit or debit card ready.

Things to remember:

- Payments for multiple students need to be processed individually.
- Students still need to return the permission notes to the front office - an online payment does not constitute permission to participate.
- Late payments can affect cut off dates/times for events. Please be aware that any payments made after 6pm on a business day will not be received at the school for 48 hours. Payments made before 6pm will be received the next day.

Please take advantage of this fuss-free payment option!
